Running sales reps, vans or delivery trucks?

Add them to Standard or Pro and pay for the people and vehicles you actually use.

Field sales (van selling and order taking)

฿490 /person/month

or ฿4,900/person/year

One rep on the mobile app, for store visits, order taking and selling from the van.

- ✓ Bill from the phone with each store's prices and selling units
- ✓ Stock per van, deducted when selling and delivering from the van
- ✓ Cash, transfer, PromptPay, cheque or credit
- ✓ Works without a signal and syncs when back online
- ✓ Close the round by counting goods and cash against the system

Delivery vehicle

฿290 /vehicle/month

or ฿2,900/vehicle/year

One vehicle delivering orders from the back office, the portal or order-taking reps.

- ✓ Group orders waiting for delivery into trips
- ✓ Assign vehicles and drivers
- ✓ Track order status on the road
- ✓ Keep proof of delivery

Pricing questions

▼ How is Standard different from Pro?

Pro has everything in Standard, plus Shopee, Lazada and TikTok connections, private courier connections, RFM customer analysis and the sales funnel, the affiliate program, purchasing (purchase orders, goods receipts and supplier returns), 10 users and 3 warehouses or branches.

▼ Can I switch plans later?

Yes. Contact our team to change plans and confirm access. Your data stays in the same system.

▼ Can it run on our own server?

Yes, with Enterprise. Our team installs the system on your company's server, and the price and ongoing support are agreed before we start.

▼ Who owns our store and customer data?

You do. Customers who order through your store are your customers, and you can ask for an export of your data at any time.

▼ What if I need more users, warehouses or branches?

Add users at \$190 per user a month and warehouses or branches at \$300 per location a month, on Standard or Pro.
